

Memorandum of Understanding

Between

WEC Italy

and

WEC Russia

This Memorandum of Understanding (MOU) sets for the terms and understanding between WEC Italy and WEC Russia to facilitate the dialogue between their Italian and Russian constituencies operating in the energy sector.

Background

The cooperation between Italy and Russia, with particular reference to energy issues, has been consolidated year by year through relations between companies, organizations and institutions of the two countries based on the promotion of the principles of interdependence and reciprocity.

Purpose

The Italian and Russian Committees of the World Energy Council - fully aware of the key role of debates, exchange of views and dissemination of information between parties having interest and expertise in the respective energy fields - have signed this Memorandum of Understanding with the aim of strengthening the dialogue between energy stakeholders from the constituencies of the two organizations starting from the World Energy Week Milan 2018.

The above goal will be accomplished by undertaking the following activities:

- Collaboration for consolidating the participation of the Russian delegation into the World Energy Week 2018 between 8-11 October, 2018, in Milan, Italy;
- Promotion of the dialogue between the two National Committees on issues related to energy transition and energy policies developed by Russia and Italy;
- Development of co-branded initiatives (e.g. workshops/meetings on energy issues);
- Dissemination of relevant energy information within respective constituencies.

Funding

This MOU is not a commitment of funds.

Duration

This MOU may be modified by mutual consent of authorized officials from WEC Italy and WEC Russia.

This MOU shall become effective upon signature by the authorized officials from WEC Italy and WEC Russia and will remain in effect until modified or terminated by any one of the partners via written communication.
